THE CLASS OF 1960

Presents

the Weather Vane for 1959

MAUMEE VALLEY
COUNTRY DAY SCHOOL

MAUMEE, OHIO

Dedication

Among our many friends and teachers is one who is outstanding for his steadfast belief in the importance and value of all school endeavors, for his continuous insistence upon real academic achievement, and for his constant effort to develop in his students those attitudes and qualities that will enable them to take their places in adult community life as easily and as happily as they have fitted into school life.

To Mr. Thomas Read, Director of Testing and chairman of the science department, whose presence and efforts have aided immeasurably in the development of the students and the enrichment of Maumee Valley Country Day School, we dedicate the Weather Vane for 1959.

Mr. Thomas Read

Dear Students:

As the year draws to a close, you will unquestionably look back with nostalgia over the past months and their included activities. Since this is an educational institution, the learning of lessons will bulk large in your memory. Yet, as you honestly evaluate these lessons which have been learned, I think you will find that one of your most important lessons will not have come out of books.

The school motto suggests the area about which I am speaking: education for life. You have worked hard; you have made discoveries: about the past, about your own world, and about your fellows. No knowledge will stand you in better stead during the future than will this last type. An ability to understand people, to appreciate their weaknesses as well as their strengths, to be wisely tolerant (and not smugly so) of their differences from you is an invaluable asset and one which cannot come from the written word.

Life is a two-way street. In traversing it you are as responsible as is the other person for your mutual happiness and safety. You have learned, I know, to concern yourselves with others and their welfare. This knowledge accounts for the tone, the atmosphere, the intangible sense of family rapport which is immediately felt by a visitor as he enters our doors. Always maintain this perspective; with it you will make people glad "wherever you go"; without it, you will make people glad "*whenever* you go."

Only recently, I heard a wise practical psychologist express this same characteristic in the form of a question: "Are they *WE* people, or are they *ME* people". You are truly *we* people in the finest sense of the phrase: cooperative, concerned, and cohesive. Don't ever regress to the infantile, egocentric *ME* person, and thereby fail yourself, your parents, and your school.

Happy traveling on your two-way street; may it be smooth, comfortable, and companionable.

Faithfully yours,
James Henderson, Jr.

Headmaster

In Memoriam

Mr. Frank Brokaw

For twenty-five years Frank Brokaw directed transportation of all Maumee Valley students. His were the buses; his were the responsibilities; his were the joys. Though he directed no classroom, still was he a teacher in a very real sense. By word, as well as by example, he created an appreciation of patience, of discipline, of tolerance and of sharing. Each student was a friend, the recipient of a ready smile, and the beneficiary of a character both warm and strong.

In Memoriam

Mr. Hubert V. Coryell

". . . One whose friendliness and heartwarming humor are found not only in the halls but also in the classroom; . . . one who, if he could not be found in his office, could be found directing Maumee Valley's dramatic students or cheering its athletic teams on to victory; . . . one who, no matter how great his own troubles, was always ready and willing to share ours."

The Rain

by

Judith Trumbull

The rain came down without ceasing. It made little tracks in the soot on the dirty, squatty buildings. The women silently cursed the rain, for it made their drab life even worse.

Down in the mine, the rain made everything damp and made the coal hard to work with.

"Rain," cursed the miner as he entered the shaft.

People rushed in and out of the airport terminal. Some hurried with business-life efficiency. Others hurried to keep out of the rain. Almost everyone complained about the terrible weather.

In a big plane, a pilot was talking to his friend. "I hate to fly in the rain. It makes visibility bad and it's too hot."

In the big city, men and women hurried to work. Multi-colored umbrellas dotted the sidewalks, adding a note of color to the dreary day.

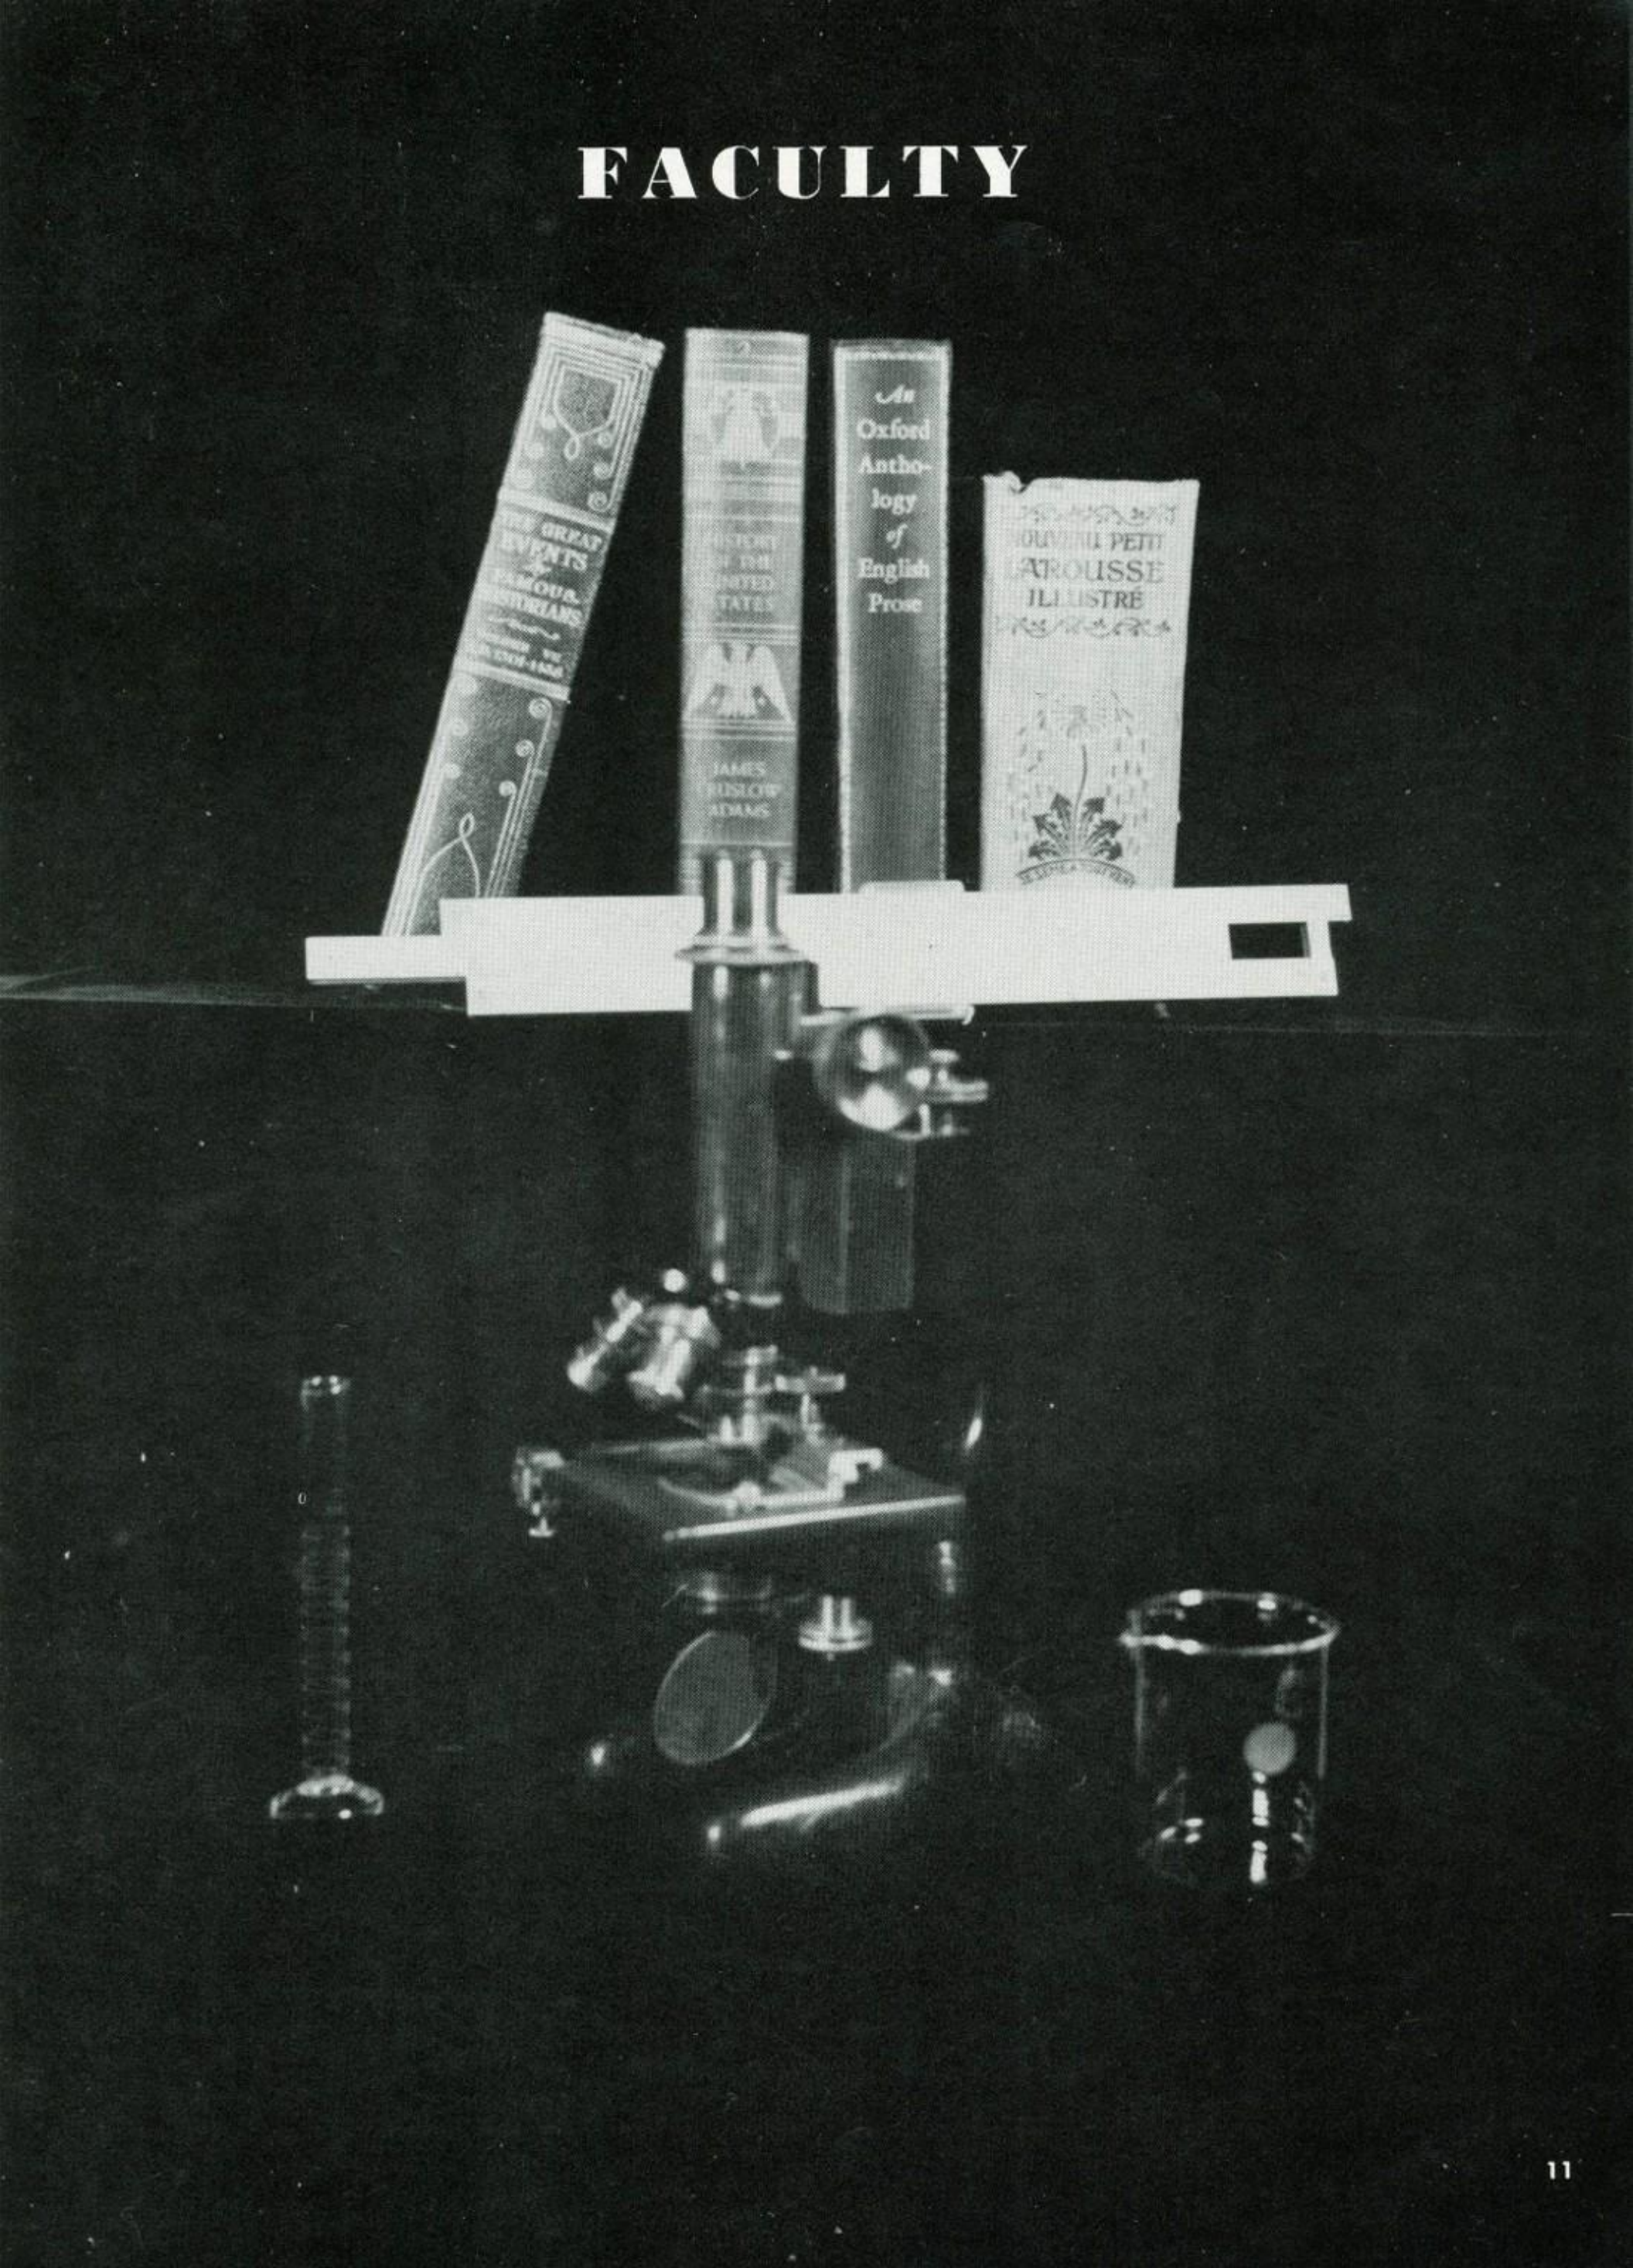

City officials cursed the rain because it forced them to cancel the parade which was scheduled for that day.

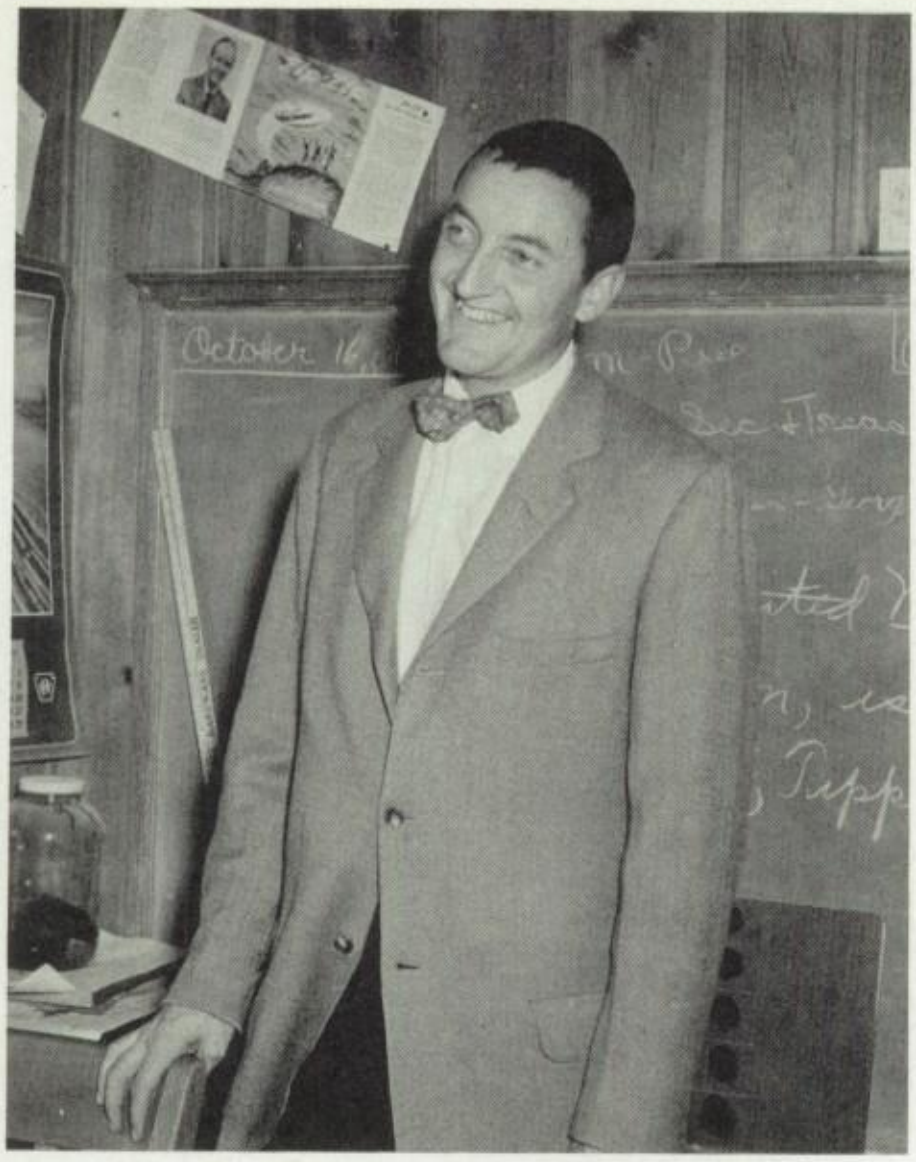

In the national park forest, the ranger watched the country. During this drought, the danger of fires was acute. He must keep a careful watch, or thousands of acres of timber could be destroyed. Silently, the ranger prayed for rain.

In the open meadow, a rabbit hopped across the burnt grass. She was looking for water, and she must find it to survive.

The farmer sifted the dry soil through his gnarled hands. He looked up at the red searing ball in the sky and cursed it. "Rain," prayed the farmer. "Rain."

SECOND ROW, left to right: Nancy Morice, Vicki Kerr, Ann Dudley, Nancy Gettys, Dana Liebenthal, Betsy Lewis, Marcia Vallet.

The past year was a very busy one for the members of the Junior Class. The most time-consuming project for the members of the class was the production of the 1959 *Weather Vane*. Early in the fall, the advertising campaign was launched, with the traditional skits and ballyhoo. In April, the Juniors entertained the members of the Senior Class, the winners of the Advertising contest, at a *Weather Vane* Party.

In January the juniors began to plan seriously for the annual Senior Prom. Class meetings were enlivened with many proposals for money-raising projects, most of which were proposed, discussed and dropped. The most-likely sounding plan was one to obtain and sell Maumee Valley drinking glasses to students, parents, and alumni.

Sophomore Class Officers

This year the officers of the Sophomore Class are: President, Tom Handwork; Vice-President, Chip Chapman; Treasurer, Corky Kern; Secretary, Tracy Taylor; Student Council Representatives, Mary Wright and Larry Haid.

STANDING, right to left: Sherry Kieffer, Nancy Woodward, Joan Rupert, Bobbie Bowers, Sherry Lougheed, Mary McKechnie.

The decorations for "Anchors Aweigh" consisted of flags from many different countries of the world. They were draped artistically around the auditorium.

In keeping with tradition, they were in charge of maintaining the library and also sponsored the annual sophomore used-book sale.

One of the freshman class's biggest money making projects was selling refreshments at all home basketball games. They, as most of the other classes, donated money to the building fund. Late in the school year they started what they hope to be an annual event in the years to come, an upper school field day.

Seventh Grade

STANDING, left to right: Christopher Loop, Mike Mostov, Sandy Blackstone, Verdella Blank, Sally Harrison, Dan Morgenroth, Corky Leighton, Eric Van Merkensteijn.

Among their various activities this year the class of '64 participated jointly with the eighth grade in the Hubert V. Coryell "One Act Play Contest." During Christmas time the seventh and eighth grade had a party together.

LOWER SCHOOL

The Sixth Grade

Enthusiasm has been the key word for the lower school activities. Individual class projects ranged from a French assembly presented by the first and second grades to an operetta given by the fourth, fifth, and sixth grades. The Junior Choir has been active in all the major programs. The Lower School library fund is six hundred dollars richer, thanks to an energetic magazine selling contest in which the sixth grade, after a very close race, came out ahead.

The sixth graders made some very handsome and colorful relief maps for geography. These, along with anatomy charts for science, decorated the walls of the room. The fifth and sixth grades took their annual trip to the Henry Ford Museum and Greenfield Village.

The Fifth Grade

In football the fifth and sixth grade boys played two games against the seventh grade. In basketball the boys played Swanton and Grosse Pointe University School. With spring came baseball and other outdoor games. The athletic season wound up with a field day and picnic. On this day the athletic awards were presented.

In the fifth grade during the first semester one of the science projects was the study of birds. Each member of the class wrote and illustrated a paper on one kind of bird. In the second semester the history course accented oral reports on famous people in American History.

The class organized a club within which there were monthly elections for officers. The president took charge of the room in the teacher's absence, the secretary wrote whatever letters were necessary, "the janitor" kept the room neat, while others had special duties during lunch hour.

The Fourth Grade

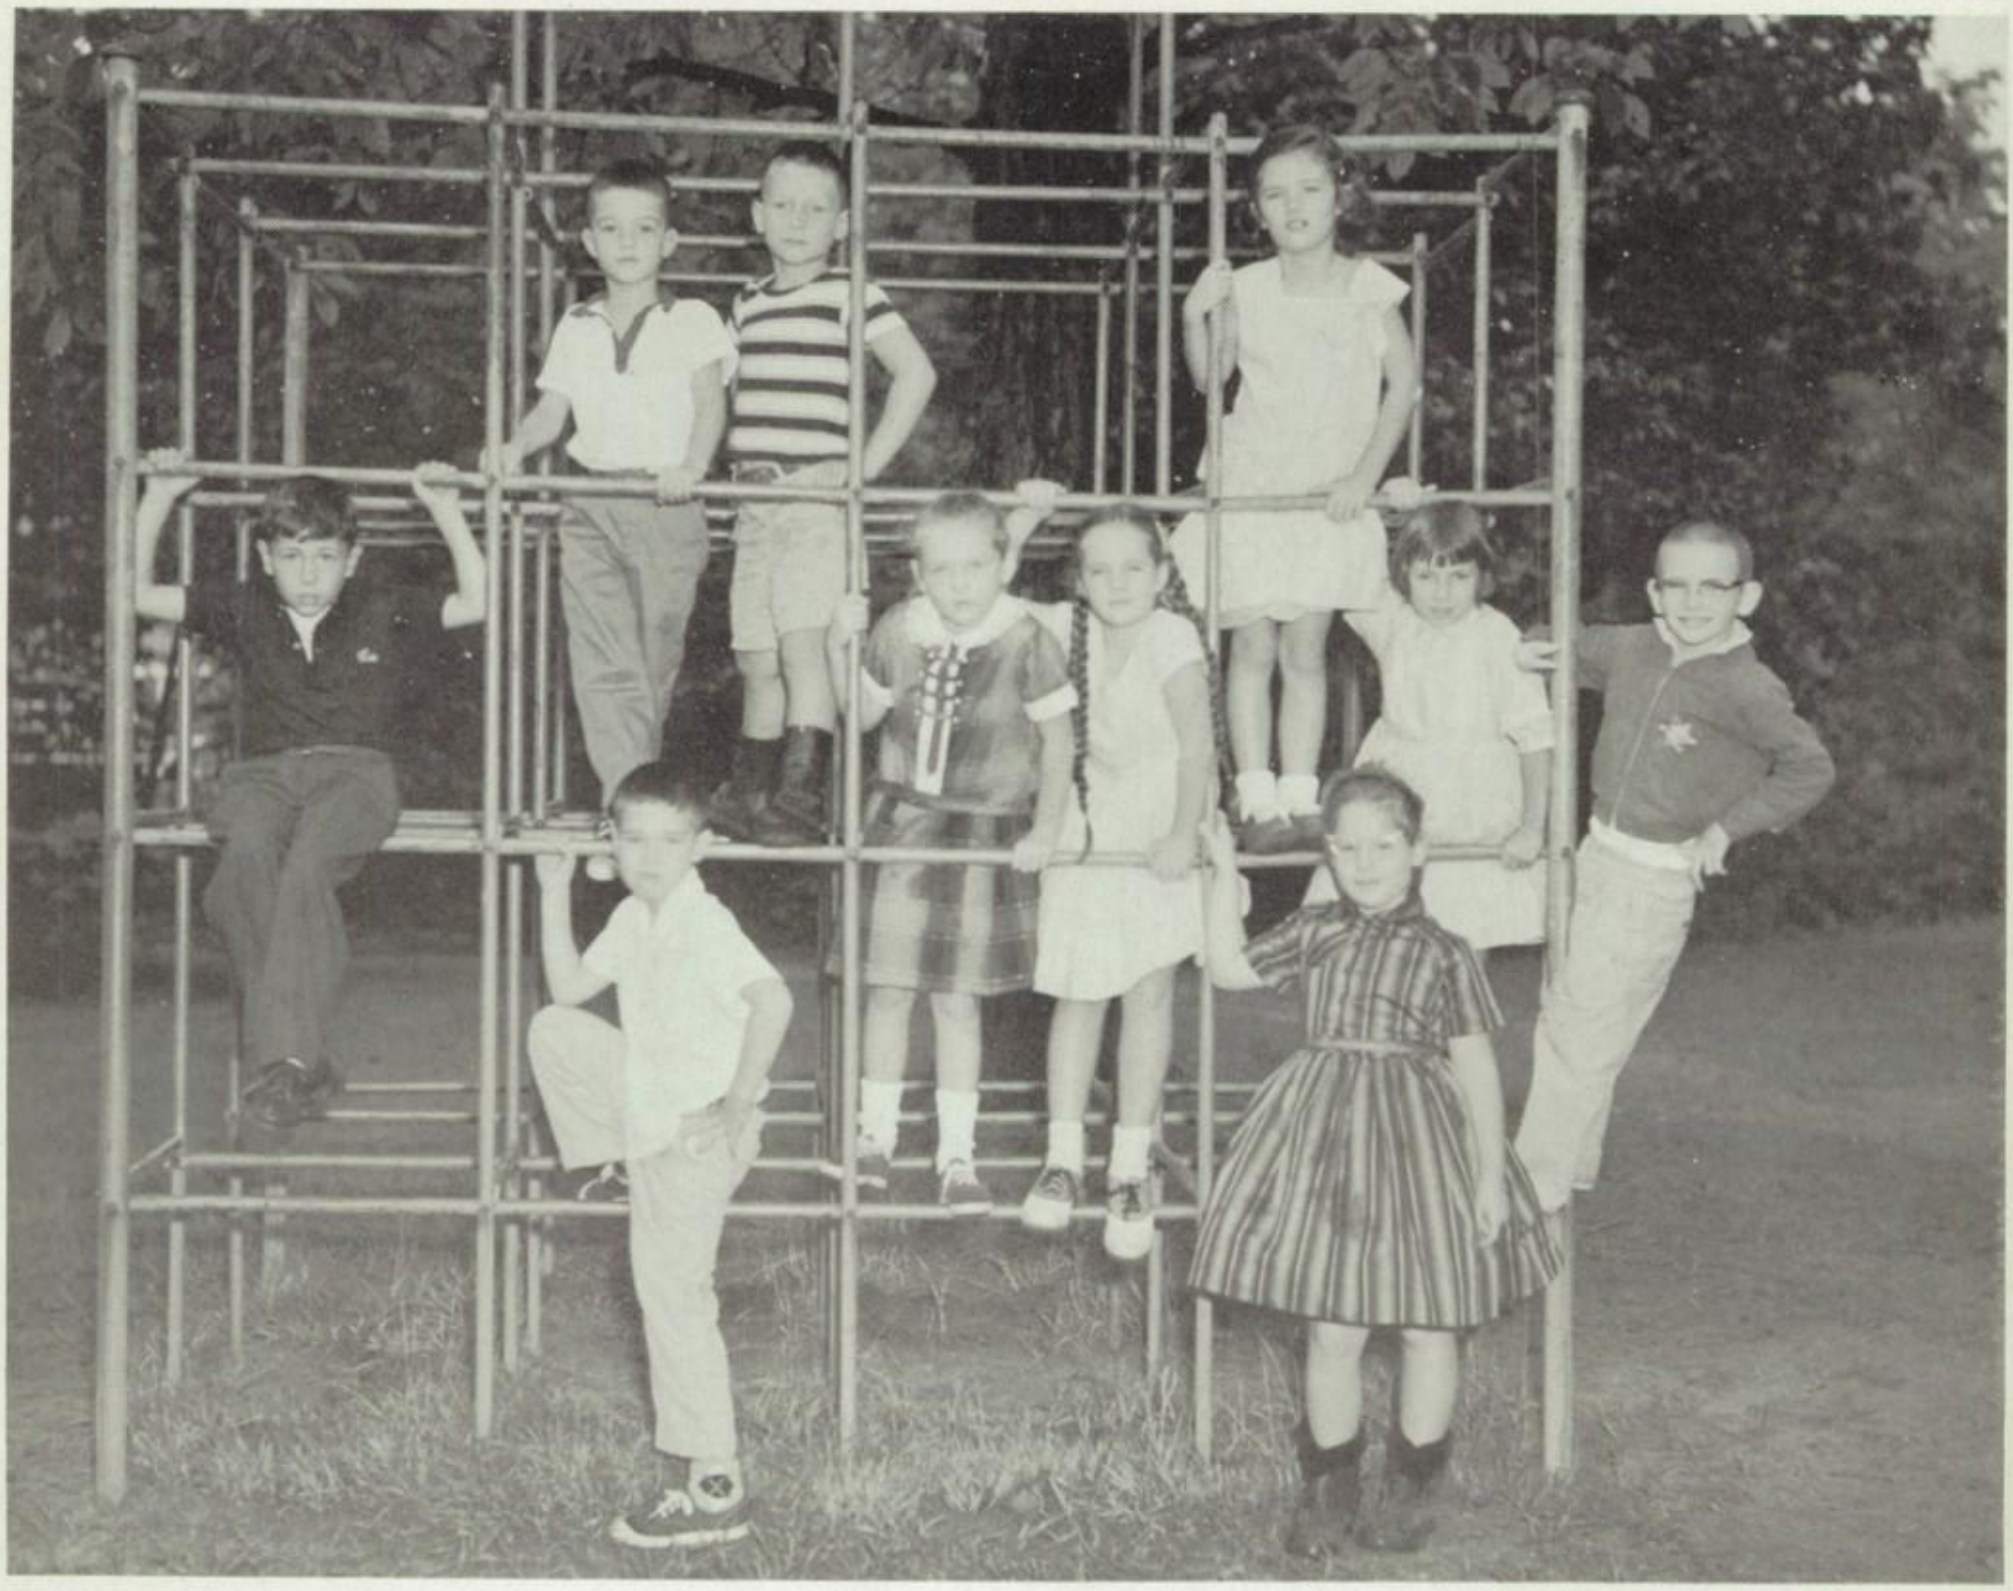

The fourth grade in their study of geography and history chose an outstanding historical figure for each country. They made a special trip to the art museum to hear a lecture on Leonardo da Vinci who had been chosen to represent Italy.

The Third Grade

Entering the third grade brings the privilege of a library card to be used in the Lucas County Bookmobile. During the winter months the outdoor sports period was devoted to ice skating. The windows of the third grade room look out on the area where the new buildings are being constructed, and the children of this grade were so fascinated by the work in progress that this work may well be considered part of their curriculum.

The Second Grade

The second grade studied the lives of Lincoln and Washington in detail. They also read the poems of Robert Louis Stevenson and the stories of his colorful voyages to the South Seas. For Valentine's Day they made almost one hundred favors for the Red Cross.

The second graders, along with the rest of the Lower School, were greatly attracted by the construction work. In fact, one of the major problems for the teachers was to see that no child fell into a ditch or a cement mixer.

The First Grade

The first grade gave their annual production of Hansel and Gretel for the Kindergarten. For this performance Mrs. Edelen made a candy house. When spring came the class eagerly watched for signs of the bulbs they had planted in the fall. Late in the school year, as a reward for their work in reading, they took trips to both the zoo and a fire station.

The Lower School was delighted with the Headmaster's story hour during a special assembly.

The weekly display of art work made by the Lower School ranged from clay models to pictures of weird creatures of outer space. The kindergarteners made candle holders and beautiful stained glass windows.

Kindergarten

The kindergarteners explored the wonders of astronomy. They learned about themselves in relation to the moon, the earth, and the sun. They studied the earth by taking trips into the woods and watching the plants grow. They made special charts to measure each other's height.

Pre-Kindergarten

The first year of school proved very exciting for the pre-schoolers. They watched great machines digging holes for the new building. They collected leaves to study the various kinds and shapes. When winter came they walked in the woods to look for animal tracks, and sometimes they even saw a rabbit. Spring was fun because the woods were full of flowers. Each holiday meant special projects: masks for Halloween, their own tree at Christmas, and for Easter brightly colored eggs.

Among the money-making projects were the candy sale and the sale of decals and stationery. The student council continued some of the activities begun by former councils, such as joint student-faculty meetings, open meetings, and suggestion sheets.

This year's student council has initiated the safety education program, obtained a student council bulletin board, which is used by the whole school, and they collected and filed all the club constitutions.

Pete Handwork, president of the student council, was elected to the office of vice-president of the Area Student Council. The January meeting of the Area Student Council was held at Maumee Valley.

The Maumee Valley Varsity Baseball team, in 1958, consisted of all underclassmen with the exception of two seniors. Even so, the team showed great ability and rounded out the season with a 500% (6-6) record.

Deserving special mention were the four eighth graders who filled in as regulars on the Varsity Baseball team. The junior high stars held down two starting berths and sometimes three. Much is expected of the team in the following baseball season.

Thanks to Mr. McCoy the track team of Maumee Valley was reorganized last spring. Maumee Valley won almost every event in which it entered but due to the lack of depth the boys did not compile enough points to win the meets. In the coming season it is expected that the squad will be augmented and this greater depth coupled with experience should yield a most promising season.

Girls Tennis Team

STANDING, left to right: Kay Rathbun, Barb Hargate, Carol Weber, Nikki Edwards.

The girls' tennis team had a successful season with the exception of Grosse Pointe. The girls along with the boys' tennis team, won several mixed doubles matches. Playing first singles was Carol Weber, followed by Kay Rathbun, Barb Hargate and Nikki Edwards.

Girls Softball

KNEELING: Jeannie Hasselbach, Gail Cole, Vicky Thompson, Sarah Waldron.

Left: Miss Joan Farmer, Assistant Girls Sports Teacher.

In the spring of 1958, the girls' sports teams had a varied curriculum. Many of the girls went out for softball and under the direction of the girls' sports director, Mrs. Schaefer, played many intramural games and one interschool game with Grosse Pointe. The girls who did not play on the softball team participated in other activities such as badminton, archery, and bowling.

Last spring also the sports class presented a modern dance program for the first time in four years. This evening proved to be very entertaining and due to this success it seems probable that this program will become an annual event.

SECOND ROW: Lyda Smith, Marilyn Miller, Marsha Miller, Cecile Baynard, Mary Wright, Nikki Edwards.
SITTING: Captain, Fanchon Condon.
NOT IN PICTURE: Carol Girard, Co-captain.

Fanchon Condon as captain and Caron Girard as co-captain give the White Team much encouragement as they travel the difficult road to victory. In the Fall during the hockey season one could see the ever-fighting White Team practicing hard on the hockey field. Their hard work kept the Blues from winning the last game which ended in a one to one tie. In volleyball they won one of the three tournament games.

The Whites are obviously looking forward to the basketball season as they plan new plays with hopes of winning the six games. As bowling season arrives, they can all be seen approaching the bowling lanes with intensity. With the leadership and encouragement of Fanchon and Caron, they look toward the future with anxious eyes, because it will soon be time to begin practice for archery, badminton, tennis, and softball.

Blue Team

SECOND ROW: Joan Rupert, Judy Trumbull, Bonnie Faulkner, Sue Rolli, Ann Dudley.
BOTTOM ROW: Gail Champion, Mary McKechnie, Sherry Lougheed, Nancy Woodward, Bobbie Bowers.
SITTING: Captain, Carol Weber, Co-captain, Chris Hankins.

Under the capable leadership of captain Carol Weber and co-captain Chris Hankins, the Blue Team so far has had a very successful season. The team raced down the hockey field using their carefully worked-out plays to win two out of three games in the Blue-White hockey tournament. Volleyball brought an equally good season for the Blues, as they won two out of three tournament games.

Remembering their previous victorious seasons, they are working hard with high hopes to overcome the Whites in the basketball and bowling tournaments which take place in March. Carol and Chris will add much to the Blue Team when Spring arrives, and practice for the achery, badminton, tennis and softball Blue-White games begins. Whether Fall, Winter, or Spring, the ever-onward Blues can always be seen practicing hard for the tiring Blue-White tournament games.

Maumee Valley started the 1958 season playing a night game under the lights at Green Springs on September 12. The Mohawks set the pace for the game when Jack Saalfield swept around right end for 58 yards to the three on the first play from scrimmage. Two plays later fullback Noel "Tank" Romanoff started the season's scoring by blasting over from the three. The Mohawks kept control of the contest and the final score was 25-6. After the fine showing in this opening game everyone felt that this would be the year for a really good season.

Don Malcolm—Senior end, Jim Tuschman—Senior Halfback.

Playing their first home game, the Mohawks thrilled the home crowd with an exciting 27-20 victory over Fostoria St. Wendelin. The hosts jumped off to a 13-0 lead in the first period with touchdowns by Chris Finkbeiner and Jack Saalfield. The visitors rallied early in the second quarter to close the gap to one point. But just before half-time, Finkbeiner put the Mohawks back in front with a 28 yard jaunt. In the third quarter St. Wendelin erased the Mohawk's lead 20-19 when they scored a touchdown. Late in the final quarter Maumee Valley surged back with a two-point safety on a blocked punt. Then the fired-up Mohawks scored again when Noel Romanoff plunged over from the three to make the final touchdown.

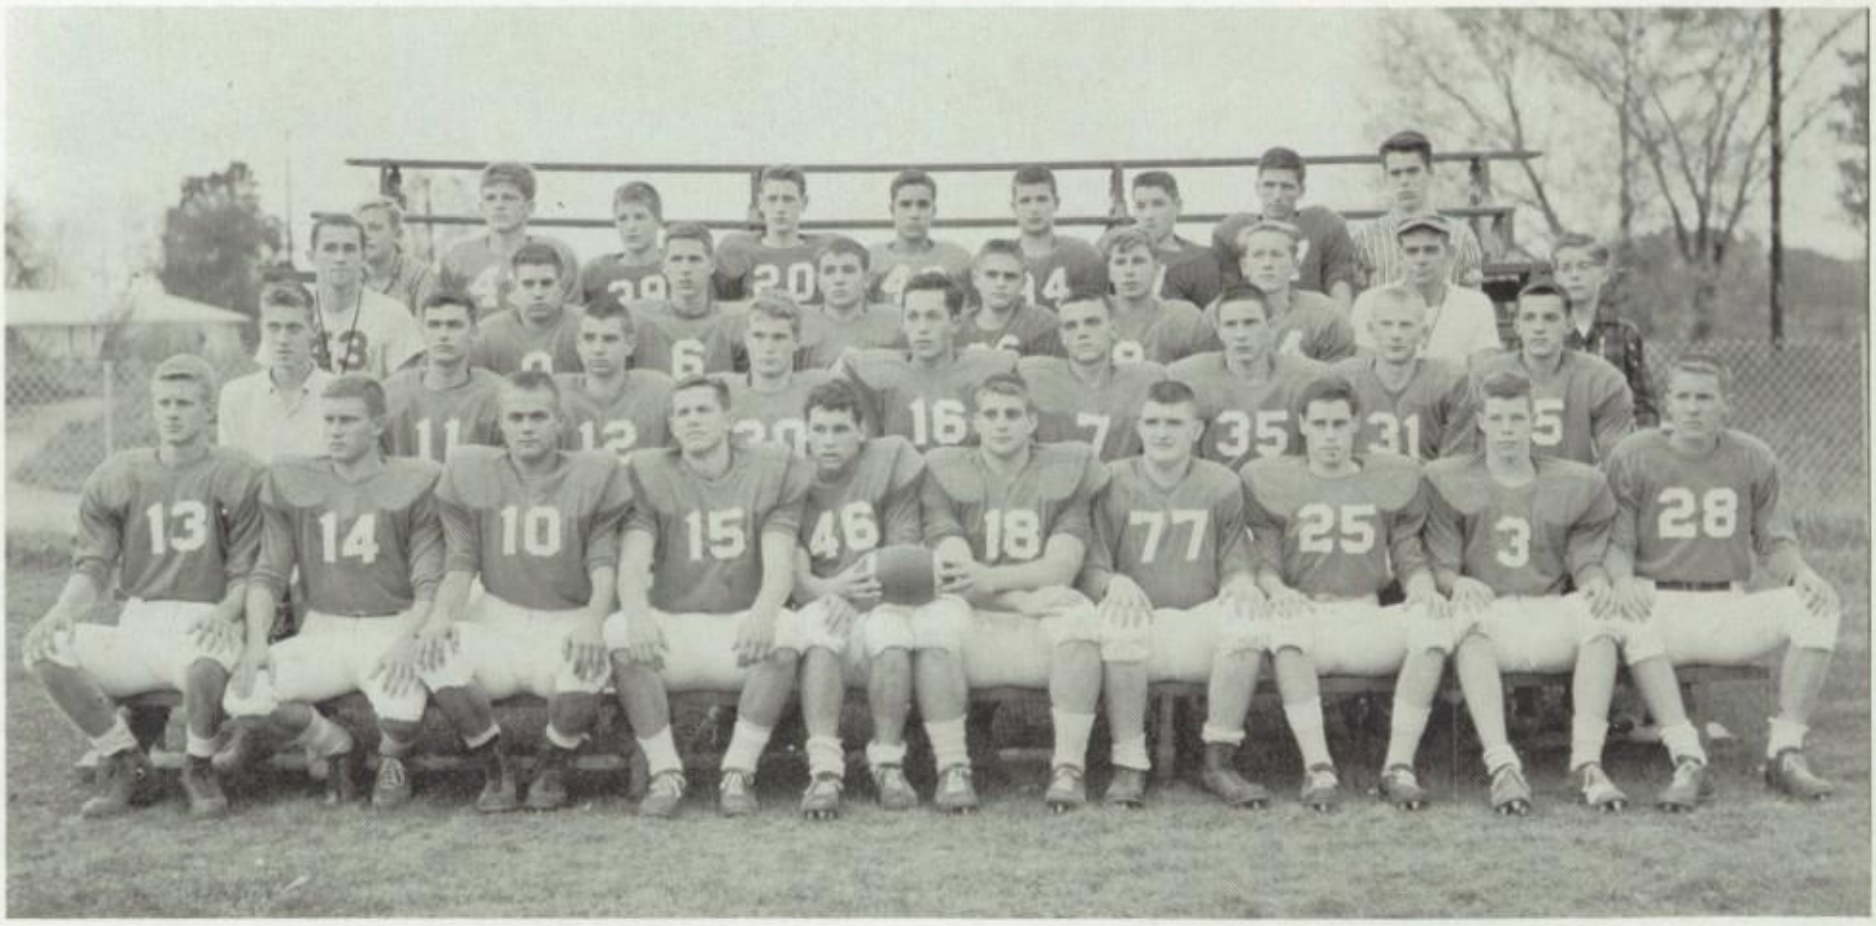

John Arnold—Senior, tackle, Noel Romanoff—Senior, Fullback, Steve Wiener—Junior, tackle.

On Friday, September 29, the Mohawks scalped the Grand Rapids Pirates 42-6 for their third consecutive win. Jack Saalfield tallied three times to lead the scoring for Maumee Valley. The three touchdowns came on a 23 yard sprint in the first quarter and on a 35 yard run and a 53 yard pass from quarterback Dan Christy in the second period. Pete "the golden toe" Handwork kicked two extra points and a 23 yard field goal, the first in M. V.'s history. Completing the Maumee Valley scoring were Jim Tuschman on a 53 yard run, Steve Wiener on a 3 yard plunge, and Tom Handwork, on a fine defensive maneuver, recovered a fumble in the end zone. Due to the lead built up by the Varsity, the reserves were sent on the field to wind up another victory.

Chip Chapman—Sophomore, end, Tom Handwork—Sophomore, end, Dan Kumler—Freshman, guard.

Maumee Valley's fourth game was played at Detroit Country Day School, where the Mohawks came out on top 26-0. Moments after Pete Handwork's opening kick off, Larry Haid recovered a Detroit fumble. Seconds later Don Malcolm snagged a 30 yard pass from Dan Christy for M. V.'s first touchdown. The next time the Mohawks got possession of the ball, Chris Finkbeiner shot around the left end to pick up a second tally. Finkbeiner scored again late in the second quarter, capitalizing on one of Detroit's costly fumbles. Playing a fine defensive game, Dick Andrews spent most of the game in the Detroit's backfield, causing the opponents to fumble several times. Closing the scoring for M. V. with the outstanding play of the game, Noel Romanoff picked off a Detroit aerial and rambled through the bewildered Detroiters for a spectacular 35 yard run.

Dan Christy—Junior, quarterback, Chris Finkbeiner—Senior, halfback, captain.

Going into the fifth game the Mohawks, on the war path to avenge their loss to GPUS in the 1957 season, romped to a 22-6 victory over the Grosse Pointe Knights. Early in the first quarter Don Malcolm received a 20 yard pass from Dan Christy to draw the first blood in the game. In the second period GPUS scored but failed to make the extra point. In the third quarter, although Maumee Valley dominated offensive play, the Mohawks were unable to score until Dick Andrews and Bill Hasselbach nailed GPUS' punter in the end zone for a two-point safety. At the close of the third quarter Romanoff plowed over the goal line to raise the score to Maumee Valley-16, GPUS-6. The scoring closed with "Tank" smashing through the line for his second touchdown of the day.

Phil Zook—Senior, center, Bill Hasselbach—Junior, center.

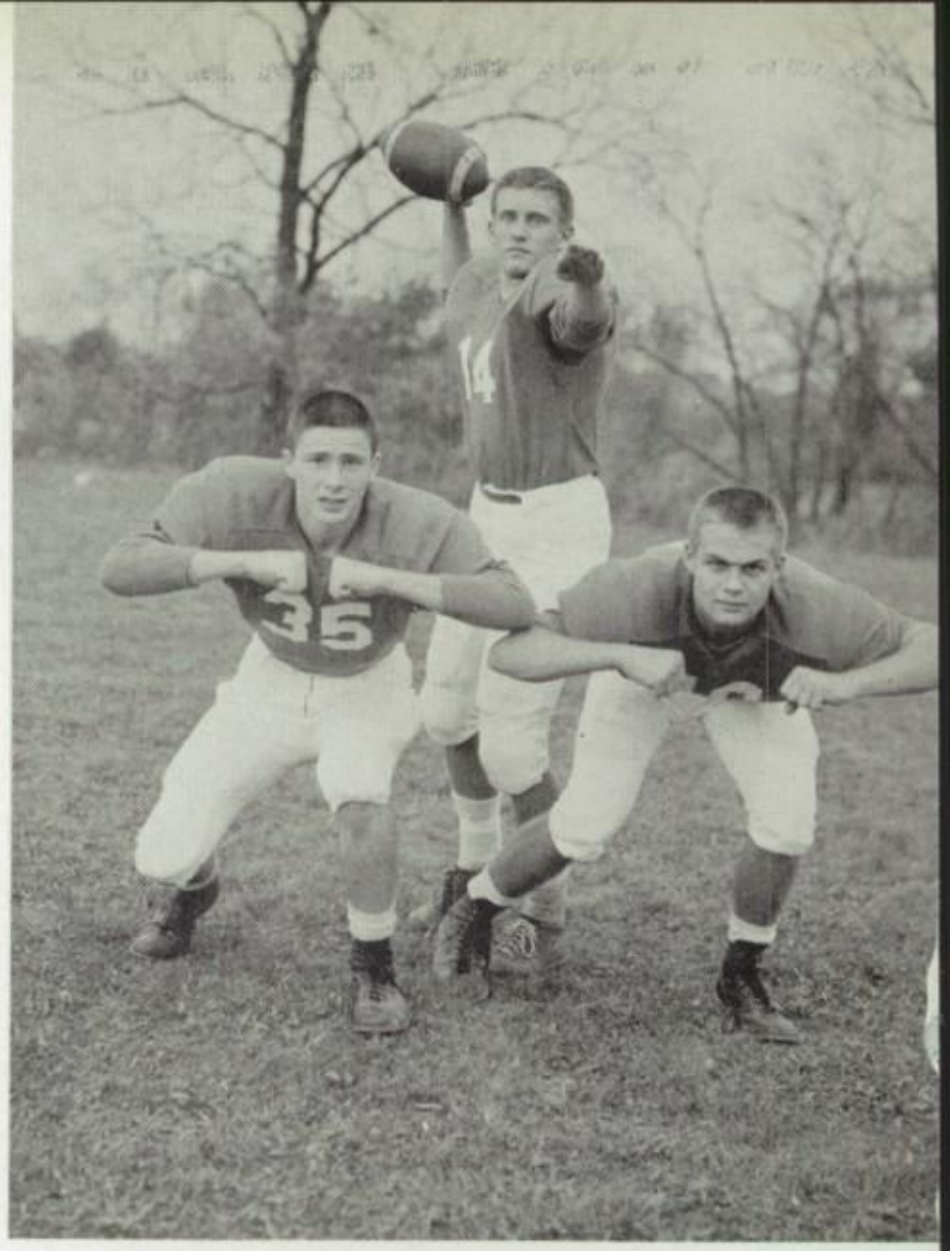

Maumee Valley, going down to Indianapolis for its interstate gridiron clash, came home with a 26-13 victory. Park scored first but the Mohawks hit the warpath by coming right back with a 30 yard pass play from Christy to Malcolm, who went for a touchdown. Noel Romanoff, exhibiting his fine skill as a fullback, rambled 19 yards for M. V.'s second touchdown. For the first time this season the Mohawks fell behind the opponent's scoring by closing out the half with a deficit of one point, the score being 13-12. In the third quarter, Noel Romanoff caught a short pass from Dan Christy and went 19 yards for a touchdown. In the fourth quarter Don Malcolm caught a pass from Dan Christy and went 24 yards to tally the final score of the game.

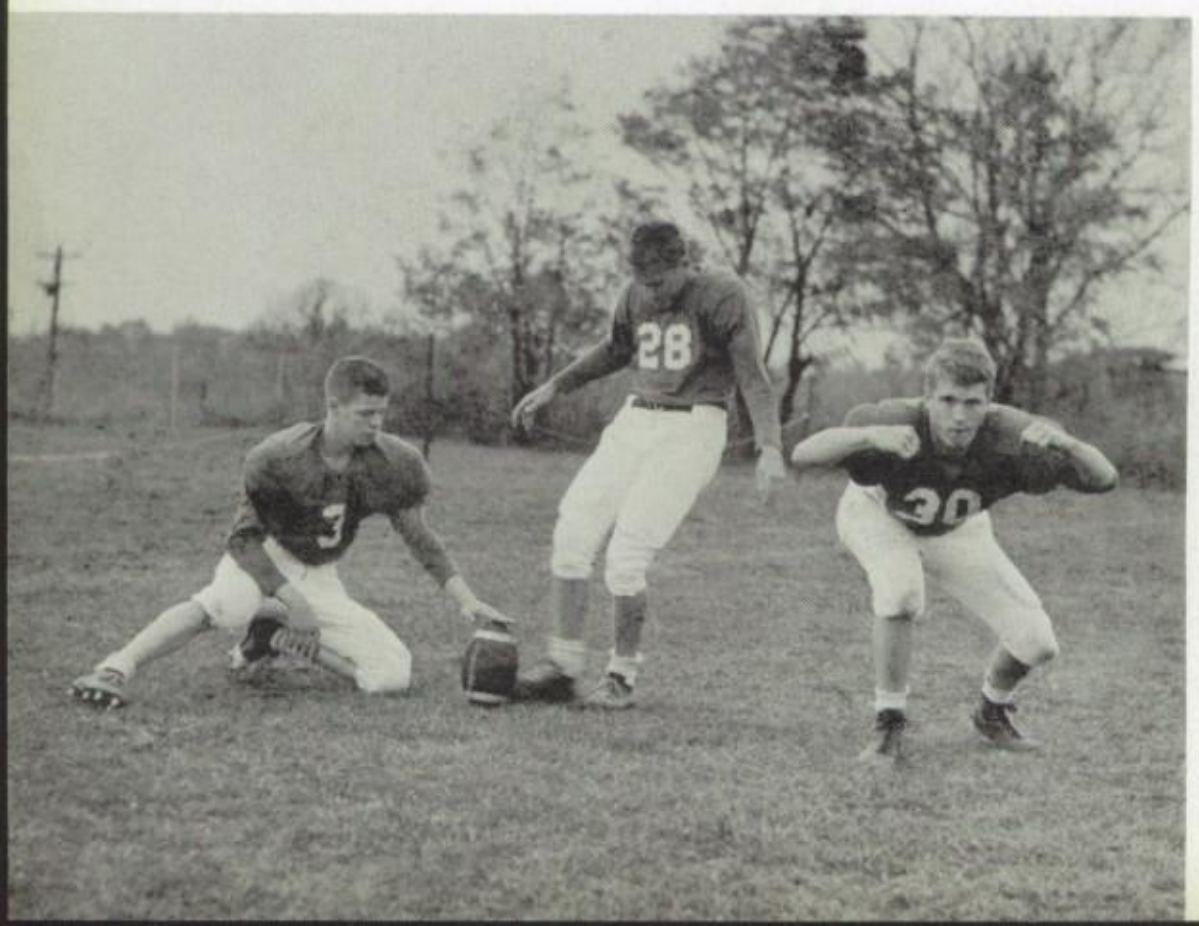

Steve Schwab—Junior, halfback, Larry Haid—Sophomore, halfback, George Martin—Junior, tackle.

Noel Romanoff broke the school's scoring record the night the Mohawks played Risingsun. "Tank" and Chris Finkbeiner each scored twice, Saalfield and Malcolm scoring once, for the seventh victory of the Mohawks. Noel Romanoff scored on a 25 yard run in the first quarter and a 42 yard run in the second quarter. Jack Saalfield scored in the first quarter carrying the pigskin four straight times for the touchdown. Malcolm caught a 30 yard pass from Christy and ran the third touchdown of the first quarter. The score at the end of the first half was 35-0, in favor of the Mohawks. Coach Grace kept the first string out during the third and fourth periods except for a few moments early in the third quarter when Chris Finkbeiner scored for the Mohawks. Risingsun's only score came late in the fourth quarter against the Mohawk reserves.

Maumee Valley soared to its final win to round out an undefeated season by beating Whiteford 28-6. In the first quarter Malcolm scored for Maumee Valley on a three yard pass from Christy. During the rest of the half, both teams fought a defensive battle, the first half ending with M. V. holding an 8-0 lead over Whiteford. Throughout, the seniors— Chris Finkbeiner, captain, Jack Saalfield, Don Malcolm, Dick Andrews, John Arnold, Noel Romanoff, Phil Zook, Jim Tuschman, and Steve Keller—playing their last game, sparked the Maumee Valley Mohawks to an undefeated season.

This year's basketball season, although not a winning one, was a very enjoyable one for both players and fans. There were many highlights that will be remembered by everyone; the night Pete Handwork scored forty-five points against Jackson-Burgoon, Chris Finkbeiner's outstanding ability to rebound, Dick Homlar's aggressive play from the key, and Noel Romanoff's great defensive play under the basket.

The Maumee Valley Mohawks found the way to victory with a thrilling 61-59 victory over Jackson-Burgoon, sparked by the spectacular play of Pete Handwork, who scored forty-five points, a new school record. M. V.'s superb defensive play held off their opponents to secure the victory.

The traditional Mohawk-Alumni game was played on December 18. The Alumni team was paced by Dick Bond, Rick Wall, Jeff Wright and Carty Finkbeiner, who led both teams in scoring with 18 points. The lead changed hands several times with both teams unable to secure a substantial lead until the closing minutes when the Mohawks scored a quick four points to clinch the victory 58-52. Pete Handwork, Jack Saalfield, and Chris Finkbeiner were the top scorers for the winners.

Maumee Valley's Fifth Annual Invitational Basketball Tournament, by far the year's biggest sporting event, was held Friday and Saturday, February 20 and 21 at the Ottawa Hills Gymnasium. The teams from Detroit Country Day School, Grosse Pointe University School, and Park School arrived for dinner Friday evening. The first game Friday night was between Grosse Pointe and Detroit, with Grosse Pointe winning easily, 69-39. In the second game Maumee Valley played Park with Park breezing to a 56-39 victory.

Saturday night the Mohawks played Detroit for the consolation prize. Although both teams seemed evenly matched, Detroit came out on top 44-43 in an exciting game. In the final game of the tournament, the championship game, Park played Grosse Pointe. Throughout the game each team held the lead at various times but never more than by two or four points. But in the closing minutes Grosse Pointe surged out in front and finally won 62-59.

Although the Mohawks came in last, they never lost their spirit and hustle. Co-captain Jack Saalfield did an outstanding job scoring fifteen points in both games and was selected as a member of the All-Tournament team, a well-deserved honor.

Glass
Has Made
A Difference

Now is the time to reflect upon the "good ole' days" in school—the many friends, your favorite teachers, sports and dances and parties. But when looking at today's school architecture, we think you'll agree that glass *has* made a difference!

Here's picture-proof that school corridors don't have to be dark and dreary tunnels. No longer must walls be solid and opaque. Today, more attention is being paid to daylight and view.

When reflecting upon the advantages of this glass age, we think you'll agree that the "good *new* days" are better.
